My Story:

this is my Testimony of Truth and my experiences with Christianity,God & the Bible. I was born on august 12th 1997 and growing up I always believed in god but I didn't start reading the Bible until the year 2022-2023

When I was 14 years old I lost my brother to a drug overdose in the year 2011 which sparked my interest in the after life and death, a couple years after that I lost my grandmother to bladder cancer and me and her were very close, she was a true believer in Jesus Christ, she would go to church & do good works, she would never judge a person by their past & she would always forgive, I also believe she was pure of heart. Her belief in god was strong but she never pushed Christianity onto me, it was my choice

When she was dying, she had one of those end of life visions, she couldn't really talk because she had a tube in her throat, but all she said was "They are Here, they are here!" I've always questioned what she was seeing, if she was seeing family members that past on or even angels or Jesus. At the end of the day I don't know what she was seeing all I know is that she was seeing something important.

During the years of 2022-2026

when I started to read my Bible & Take it seriously

I struggled with reading the physical book so I started YouTubing the book of revelation,Genesis,John so I could listen to someone read it to me, those were the first books of the Bible I started with, I took Jesus's words very seriously and even took the time to read the red letters. My Favorite Translation is The King James Version.

I enjoyed the Old Testament a lot such as the stories of Adam and Eve, Jacob, Joseph, Noah,Daniel,abraham, the 5 Books of Moses

Even to the present day I have not read all of the Bible but I've read a majority of it &

I haven't been baptized either

One of my favorite stories is when Jacob had a dream where he saw a ladder(staircase) from the ground and it reached all the way to heaven (the sky) he seen angels ascending and

descending on it and God even spoke to him, telling him that his descendants would inherit the land.

Jacob said this must be the gate of heaven & that god was surely in that place, he named the place bethel which means house of bread

In the Bible it is known that God reveals himself to prophets in dreams & visions.

In the year 2024 I started to receive biblical dreams

Now I’m not claiming to be a prophet but I will tell you about my dreams that I had during this time.

The first time I Seen The God of the Bible

Now this is important you know this because I believe it's the reason god revealed himself to me, I was laying on my couch and I decided I was going to talk to god in private and have true repentance, I cried to god and told him I was sorry for every wrong thing that I have done in my lifetime and I was going through a hard time, & it was from the heart, after that I challenged god by asking him" if you reveal yourself to me in dream I will believe in you forever"

the same day/night I went to sleep and here is what happened in my dream

In this dream/vision I was in my apartment I was laying on my couch as if I was waking up from a sleep, I get up off my couch and walk to my sliding glass door, I then look at my hands and realize I'm completely aware/awake in this dream/vision, so I decide I'm going to walk outside, I open the door and walk to the parking lot of St Tim's church in Rhode Island, USA.

When I get to the parking lot , this brownish tan Stone staircase with cracks in it appears to my left as if it materialized from thin air, each step was at-least 6-7 feet high, at first I'm thinking this is Jacobs ladder I'm about to see god, as I'm looking up I can see another half of the staircase connect to the first half and it made a boom noise, or like a doom noise if that makes sense, and it starts connecting all the way to the sky(heaven) I realize there is no angels on the staircase like Jacob had seen in his dream, so then I walk to the right side of the staircase and can see a clear view of it reaching the sky,

now I'm looking to the east and can see a gigantic golden circle of golden light, there is a gigantic man maybe 50,000-100,000 ft big inside of this circle, portal maybe, he appeared naked at first but I could see his face and body instantly I knew this was God, I could only see his upper half of his body since the portal was cutting of the view of his lower half at the stomach waist area, the golden light that was emanating out of this portal was very bright and heavenly, when I was looking at him I noticed he had white hair that was a little curly not too much and was a little bit

shorter then shoulder length, it was waving like as if the wind was blowing on it, his eyes were either glowing white or Gold but I believe they were glowing gold and he did not have pupils, he was muscular and had

white skin color tone maybe a little tan to him but it might have been from the golden light shining onto his skin, he did not have facial hair, he looked manly but glorious at the same time like a deity, so no he did not have a beard like some modern depictions of him have , the word almighty was the perfect word to describe what I was looking at

My first thoughts were is this Zeus? Because Zeus is the god of the sky in Greek mythology and then I said is this the god of the Old Testament ? These were just my initial thoughts,

God did not speak a single word to me and I did not speak a word to him, I was more in shock that I was seeing such glory

So then I look at the staircase thinking maybe I can go up the staircase and try to talk to him but realized the steps were to high even to climb up them would take me forever so I decided to bow down on one knee and bowed my head for about a good 5 seconds , I look back up and stand up and can see these golden puffy clouds with the color of rainbow

glistening inside of them it was like a glistening but also a smoke like aura to these clouds they were glorious!

Genesis 9:13 “I have set my rainbow in the clouds as a sign of the covenant”

So now I’m watching these clouds descend from the sky and they are coming towards me from the sky to the ground these clouds come down they touched the ground on st Tim’s church parking lot , these clouds surround me to where I’m inside the cloud on the ground , all I can see is golden fog since I’m inside of it, at this time I start to lift off the ground and ascend within the cloud

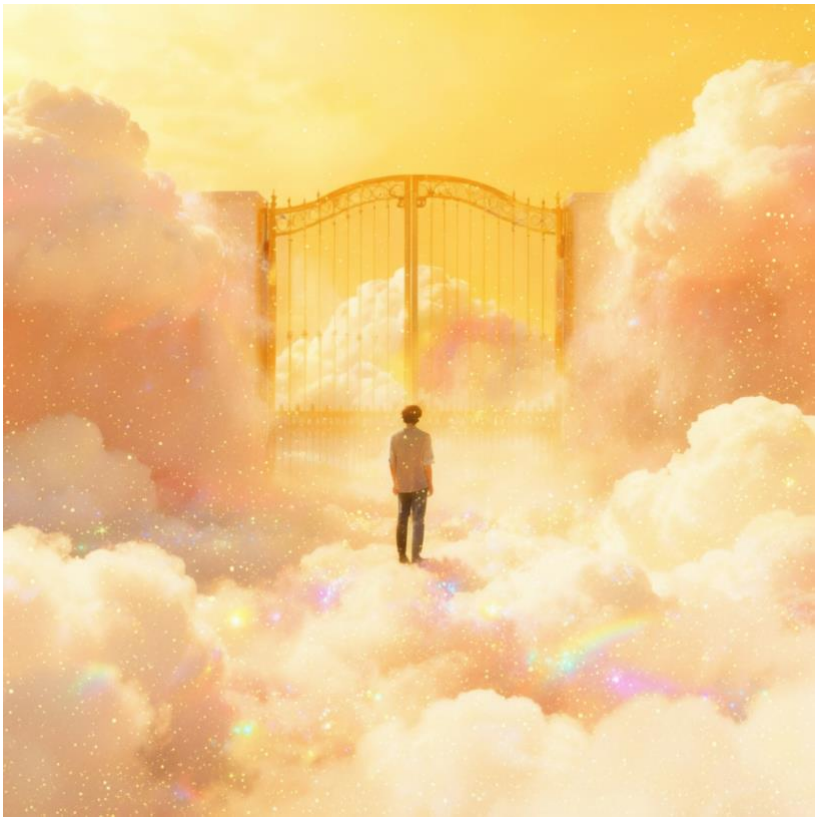
Reference

(Acts 1:9-11 Jesus ascends in a cloud)

After about 10 seconds of this the clouds depart from me and I’m in an earthly like area where there would be dirt on the ground and cactuses that’s what the area looked like there was a 25 foot man with white hair and a beard standing in front of me his body was turned to the right, there were no words spoken , there was blue lightning all around, after about 10 seconds of that , the clouds come

from behind me, I'm now inside the cloud again and can only see golden fog , I am then taken to what looks to be heavens gate , I'm in a heavenly area where I'm standing on the clouds and there is a golden gate in front of me that is resting on top of the clouds, the gate was closed so I didn't go in but I was saying to myself "this has to be heavens gate I'm in heaven" the dream ended after that.

This is what it looked like.



What the staircase looked like

Steps were taller in dream though

This is what the clouds looked like.

This is Not 100% of what I was seeing but it’s pretty close & gives you an idea of what I was seeing

It was a very profound dream but one thing I've noticed about the Bible is it says "**No one can see Gods face and live**" so how come I seen gods face and lived? Was it because it was in a dream/vision and not a physical encounter? I don't know the answer of why I was able to see his face ,

And it could not have been a different god because the staircase/rainbow in the clouds/ascending in a cloud are all references of stories that can be seen in the Bible this had to be the god of the Bible.

It also says no man has ascended into Heaven but the son of man, who came from heaven.

Seeing Jesus in a dream

here's where it gets even more interesting I had another dream where Jesus was in front of me and I wanted to ask him, so I asked him

"Are you God" his words were

"I am God I'm just dreaming"

I don't know what he meant or if this was just my mind playing tricks on me but that's what was said

Seeing my first Angel in dream

I was in a dark void like space everywhere was black but I could still see as if there was light, I'm floating in this void and I can see this purple sea of stained glass it would move in a wave like motion and I thought it was pretty cool and then I look up and to the left in this void where the sky would be but there was no sky in this area it was just void , I could see an Angel up above and to the left a little bit , it was far away but I could still see it in my view , my first impression was

it’s a human with wings , it looked like it had armor on and I could see its wings, it was in the air & when I said it looked like a human with wings , the Angel descended head first going down super fast and did a spiral like spin, I thought it was pretty cool, I don’t know what Angel it was but it Definetly wanted to show me something cool

the dream ended after that.

Seeing an ark in a dream for the first time

In this dream I was standing on the edge of a cliff and was looking down at the ocean and there was this big long skinny ark with perfect curves at each end of the boat.

My first rapture Dream

I was in a hospital bed in this building on an island , there was a lady sitting in a chair next to my bed and her face was completely blurred out I could hear the

sound of her voice and she said it’s your time to be raptured, I start floating up on my back , I go through the ceiling into the sky, there are people above me and below me on there backs too floating into this golden circle of clouds in the middle of it was pure gold light as I was getting closer to it I put my arms wide out and accepted it and went through it

The dream ended after that

The dreams stopped

I stopped having biblical dreams in present years and I don’t know why but

I appreciate the Dreams of god revealing himself to me & seeing god and Jesus.

Thank you for taking the time to read my testimony.

Last words of my testimony

I want to make this clear before ending my testimony.

-my first impression of God was is this Zeus? Does this mean the god I was seeing was Zeus? I don't know. I believe the God I was seeing was YHVH or another form of Jesus Christ but like I said I'm not sure, God did not speak any words to me during the experience so I can't say for a fact, I can only speculate that it was YHVH do to the rainbow in the cloud, the staircase going all the way into the sky & ascension in a cloud all relate to biblical verses

I am not telling you to worship other gods

-Another thing the pictures and images of heavens gate, the 25 foot man in the dirt area with

cactuses, the clouds with rainbow in them are all accurate pictures of what I was seeing,

The picture or image of god in the sky in the portal is not 100% accurate but it's close to what I was seeing, and gives you the idea of basically what I was seeing.

Don't go worshipping this image or using it for commerce or making a graven image out of it.

It's just to give you an idea,

The perspective is off since I was on the right side of the staircase when I was looking up and seeing him. The portal was bigger and he was bigger then the image portrays

-though god did not speak any words to me, I do not believe he was mad at me in anyway, he clothed me in a glory cloud

-I don’t know why I was able to see the face of god and live whether it be because it was in dream/vision and not physical occurrence but the only person I believe that can see the face of God is Jesus Christ but some say he can’t because it says no one can see his face and live

The only other story I have ever heard of that talks about seeing gods face was the story of metatron the Angel not sure if that story is true or accurate but metatron can see the face of god but that could just be a story

-I do not feel like this dream was a deception from the enemy

-do not worship any other gods besides the god of the Bible
